Bio: I graduated from Virginia Tech with a degree in communications in just 3 years and a month - by attending summer sessions - in July 1977 and have been in the print-production/copy editing field ever since. Bo Jackson and I married in 1984. When my daughters, Janessa and Nadia, were born in 1989 and 1990, respectively, I managed to stay home for 4 years. We lived by a park in Gaithersburg, MD, which was perfect. I still live in the same home - for 25 years now. Bo and I divorced in 2001. Whenever I dropped my daughters off at their high school, Quince Orchard, I nearly had to pinch myself: "I can't believe I now have children in high school!!"

Bio: My husband Joe and I are living on a small 30-acre ranch in NE Oklahoma, raising purebred cattle and show calves. Practice Manager/Nurse for rural family medicine practice in Oklahoma for the last 5 years. Moved back to OK 2004 after living in KY for a year and half. I really missed the elbowroom, piece of mind and living under the western sky out here. Sooner state is now home to me ever since moving here in 2000. After our ranch was spared by a deadly F5 tornado May 2008, I try to remember the small stuff, stay close to family and friends and be mindful of those who are in true need.
